Physical and Mental Qualifications for All Elected Servants:

We the People of the State of \_\_\_\_\_, County of \_\_\_\_\_, Hereby demand that the following qualifications be imposed upon [A] all persons seeking election to any office of public trust; and [B] all persons being considered for appointed service.

Section 1: Initial Service Requirements:

[A] No person shall be considered for election or appointment to any office of public trust, who cannot pass the physical and mental examinations required for service in the United States Military.

[B] Any person refusing to submit to the physical and mental examinations required for service in the United States Military Shall be disqualified for service in any office of public trust, whatsoever.

Section 2: Continued Service Requirements:

[A] Once any person, having passed the physical and mental examinations required for military service, is duly elected to any office of public trust, they shall submit to annual physical and mental examinations required for military service, the results of which shall determine their ability for continued service.

[B] Any person incapable of complying with the annual physical and mental requirements for service in the United States Military Shall be disqualified for service in any office of public trust until such time as compliance shall be established..

[C] Any person refusing to submit to the annual physical and mental examinations required for service in the United States Military Shall be disqualified for service in any office of public trust, whatsoever.

Section 3: Cost of Examination:

[A] The Cost of any and all physical and mental examinations required for elected or appointed service shall be the responsibility of the person being examined.

[B] The cost of any and all physical and mental examinations required for elected or appointed service shall be tendered prior to the examination.

[C] Under no circumstance shall the cost of any physical and mental examination be the responsibility of the taxpayers.
